

MEMORANDUM FOR:

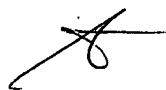

ADIC's Contract Info Status
computerized report
- status
or grand to agency.

Ted osht about
3/19. _____
(DATE)

phr

This looks good; have
it typed in final for
my signature.

Have extra copy made
for me to send to C/ISG.

4/13

DDST

Contract
C-I-S system

Coded in RED & sent over

+ Proj. Management sheet
instituted several years ago —
still inadequate —
e.g. each C-I-S would require several ms.

+ June '70 —
compared

Comp info/stor & retrieval syst

Stor. on FASTRAW. DRUMS

Output in 20 formats
(e.g. cards for DDST)

Plot status —

Currently under revision:

Expect operational capability 1 July.

~~20~~
Only addition—
Contractor's Program Engineer—

Can only input to HQ once/wk

2-3 day ordering delay in
system at HQ.

James Vining
DDST Staff officer responsible
for CIS

Girls will enter on teletype.

24 hr update

→ Now briefing to Agency R&D Coord. Comm.

TSD has expressed interest.

1. Ref status

2. Advantages

3.

Input at any time (vs. once/wk)

24 hr update (vs. 2-3 day
ordering delay)

4.

Easy edit

Inexpensive (1.25/contract/mo.)

||||

||

Output in 20 formats

||||

Provision for data entries of
interest to RED only.

Ability

NPIC Manual System replaced
by teletype input.
